I have read the conditions of entry for the FWAG Cymru - National Grid Silver Lapwing Farm Conservation Awards 2008 and would like my entry to be judged accordingly.

Signature _____ Date _____

Application questionnaire

1. Please describe the environmental measures you have implemented on your farm and explain how they are intergrated into your commercial farming operation.

2. Please describe the habitats that have been retained or created and how you are managing to ensure the greatest environmental benefit.

3. Please describe the resulting benefits to the wildlife on your farm.

4. Please describe the ways in which you have ensured that your farming operations have minimal impact on the environment.

Additional information

You may support your entry with:

- a sketch or map of the key conservation aspects of your farm.
- A maximum of ten photographs and any further information you feel is helpful.
- Photographs, in photographic paper format, must accompany your completed entry form and will not be returned.
